Minutes of 25th Governing Body Meeting

A meeting of Governing Body of MVGR College of Engineering (Autonomous) was held on 14.09.2024.

Venue: Conference Hall, Administrative Block
Date & Time: 14th September, 2024 at 11.00 AM

MEMBERS

	Category	Members
1	Management	1. Sri. P. Ashok Gajapathi Raju Chairman-MANSAS 2. Dr. K. V. L. Raju Correspondent-MANSAS 3. Prof. P. S. Sitharama Raju PAA-MANSAS 4. M. V.Narasimha Raju Advocate 5. Dr. G. Kalyani Ex-Principal, MR College, VZM
2	UGC Nominee	Prof. Ch. Pulla Rao Professor & Head Chemistry, IIT-TPTY
3	State Govt. Nominee	Prof. N. Ramanaiah Prof. of Mech., AU
4	University Nominee	Prof. K. Babulu Prof. of ECE, JNTUGV
5	Educationist or Industrialist	Prof. G. Venkataratnam Institute Chair Professor., IIT-Madras
6	Administrative Staff of the College	Dr. M.Sunil Prakash Dean(T&P), MVGRCE
7	Teachers of the College	1. Dr.Y.M.C.Sekhar Vice-Principal, MVGRCE 2. Dr.Ch. Purnachandra Rao Dean(AE) , MVGRCE
8	Principal of the College	Dr. R. Ramesh Principal, MVGRCE

Sri P. Ashok Gajapathi Raju, Chairman(GB) chaired the meeting and Dr. R. Ramesh, Member Secretary(GB) and the Principal welcomed all the members to the 25th Governing Body Meeting and thanked them for sparing their valuable time for attending the meeting. Discussions were initiated in chronological order to **review /recommend / appraise / record / approve / notify / ratify / update the following agenda:**

Maharaj Vijayaram Gajapathi Raj College of Engineering (Autonomous)
Approved by AICTE, New Delhi and Permanently Affiliated to JNTUGV, Vizianagaram
Listed U/S 2(f) &12 (B) of the UGC Act 1956

AGENDA

1. Introduction of new programs / reduction in intake / closure/ courses offered
2. Resources
   1. Laboratory Infrastructure
   2. Building Infrastructure
   3. Human Resources
   4. Learning Resources
3. Academics
4. Student Performance and Placements
5. Recognitions/Accreditations
6. Minutes of Academic Council
7. Proposed Budget for the AY 2024-25 and Compliance of Budget for AY 2023-24 & 2022-23
8. Future plans

Suggestions from the members:

1. **Prof. Ch. Pulla Rao, Professor & Head Chemistry, IIT-TPTY, suggested to introduce B.Sc.(Data Science) course, if it is feasible.**

   Data Science is one of the emerging technologies these days. The demand for that specialization is quite encouraging as evident from B.Tech.(CSE-Data Science) course at MVGR. As for as introduction of B.Sc.(Data Science) course is concerned, it is to state that this course is already there in M.R. College(A), another college under the same society.

2. **Dr. G. Kalyani, Ex-Principal, MR College, VZM, suggested to introduce B.Tech.(AI&DS), as the combination Artificial Intelligence(AI) and Data Science(DS) is more popular and prevalent in reputed institutions including IIITs.**

   The combination of Artificial Intelligence (AI) and Data Science (DS) is undoubtedly more popular and prevalent in reputed institutions including IIITs. MVGR already has a similar kind of combination at one of its UG courses: B.Tech.(AI&ML)

3. **Prof. K. Babulu, Prof. of ECE, JNTUGV, suggested to introduce a few M.Tech. Courses in emerging technologies including VLSI.**

   MVGR had six M.Tech. programs till the academic year 2022-23. Five of them were closed because of the low demand if not nil.

4. **Prof. N. Ramanaiah, Prof. of Mech., AU, proposed to link funded / research projects to M.Tech. admissions. Project Assistants / Associates with B.Tech. qualification may be encouraged to take admission in to M.Tech. They complete M.Tech. course by the time they complete the project or little early. He further advised to engage the M.Tech. students in Teaching Assistantships as it will be a win-win situation to both the student and the institution.**

Running an M.Tech. program with a lesser admission strength is leading to underuse of resources available. For example, as per the norms in vogue, Institute is to maintain faculty at the rate of 1:12 ratio (in case of M.Tech.) for the full intake capacity even if the actual admissions are lesser than intake or nill. Otherwise, Institute gets deficiency as per the AICTE norms.

As far as encouraging Project Assistants / Associates to take admission in to M.Tech. course is concerned, it gives mutual benefit, as suggested, to both student and the college. However, there must be a project and an M.Tech. program either in the same stream or allied streams of Engineering.

As far as engaging M.Tech. students in Teaching Assistantships are concerned, this has been the practice of the Institution since long. Early Faculty Induction Program (EFIP) was launched in MVGR in the year 2012. A meritorious M.Tech. student, after completion of 1st year, is offered Teaching Assistantship with financial assistance. It worked well for years

5. **Prof. G. Venkataratnam, Institute Chair Professor., IIT-Madras, suggested to introduce (web enabled /online) M.Tech. programs for working professionals.**

In view of the above suggestions, it is recommended to explore the possibilities of introducing new courses by conducting a carefully designed survey to study critical parameters such as market demand for such courses, availability of expert faculty etc…

Suggestions from the members:

1. **Prof. K. Babulu Prof. of ECE, JNTUGV, suggested to encourage the students to complete MOOCs well ahead of examinations.**

   Institute encourages the students start doing MOOCs right from 2nd semester so as to complete the course at least one semester ahead of the examinations

2. **Prof. N. Ramanaiah, Prof. of Mech., AU, suggested to focus more on Research / Funded projects.**

   Resolved to encourage/motivate the faculty to explore more on making projects proposals to funding agencies like DST, AICTE, CSIR etc…

Suggestions from the members

1. **Prof. K. Babulu Prof. of ECE, JNTUGV, appreciated the efforts of the college in getting good number of placements in core companies. Further, he advised to encourage the students to do full length internships (more than six months) at industries of repute.**

   MVGR always encourages the students (as well as faculty) to undergo industry internships. Course curriculum and academic calendars are planned in such a way that the students may do internships in the final year, as the most of the courses in the final year are either self-study courses or MOOCs

NAAC Accreditation

	Cycle	Period	Grade
1	Cycle I	Five years from 15.06.2009	A
2	Cycle II	Five years from 03.03.2015	A
3	Cycle III	Five years form 01.01.2021	B++

UGC - Autonomy

The Institution was granted extension of autonomous status by University Grants Commission (UGC) conferred by the then affiliating University(JNTUK) - valid from 2021-22 to 2026-27.

The reasons for B++ grade in the third cycle of NAAC accreditation (for the period from 2021-22 to 2026-27) are many including Covid-19 pandemic disruptions. The same were detailed to the member by the Director. It is resolved to go for fresh assessment.

6 Minutes of Academic Council

➢ Academic Council meeting was held on January 6 and August 3, 2024
➢ Meeting of January 6 was to ratify **R23 Regulations** for students admitted in 2023. Structure and evaluation model was adopted as given by JNTUGV. Syllabus was given only for I year
➢ Meeting of August 3 was to ratify **R24 Regulations** for students admitted from 2024 onwards
➢ Regrouping of courses was done to offer students opportunity to pursue elective threads in another domain to increase their employability
➢ Courses in Semester 7 and 8 are self-study giving students option to pursue long-term internship
➢ Overall structure and split of courses is almost same as R23. Detailed syllabus was developed for Years I and II
➢ Respective meetings of Boards of Studies were held in July 2024 to work out the syllabus

Minutes of Academic Council held on 06.08.2024 are approved

<u>**Suggestions from the members:**</u>

1. **Prof. N. Ramanaiah, Prof. of Mech., AU, suggested that all financial transaction above Rs.5,000/- be made only online so as to get them counted by APHERMC.**

   MVGR does all financial transactions only on online irrespective of the amount whether it is above Rs.5,000/-. Petty amounts of few hundred or less, where online transfer is not feasible or not possible, only be done in cash. This has been the case since long.

8 Future plans

- ➢ Proposal being worked out for 2 additional programs starting next academic year
  - ➢ B.Tech (Robotics and Artificial Intelligence)
  - ➢ B.Tech (Electronics Instrumentation and Control Engineering)
- ➢ Additional 84 occupancy planned in Boys hostel (64 double occupancy and 20 single occupancy with air conditioning facility)
- ➢ External toilet block construction to be taken up next to IT block

9 Any other item with the permission of the Chair

1. There were three employees expired during the period since last GB. Sri. P. Ashok Gajapathi Raju, Honourable Chairman-MANSAS, enquired about the reasons of the deaths

and ordered the administration to extend all possible help to the beavered families.

The following staff expired during the period:

1	Mr. M. Vykunta Rao	Asst. Prof.		E&H	Due to prolonged illness
2	Mr. B. V. Murali Satish	Technician Gr.1	CSE		Sudden death
3	Mr. S. Linga Raju	Technician Gr.2	MEC		Kidney failure

The director clarified that all possible help from college side was already extended the families

2. **Prof. Ch. Pulla Rao, Professor & Head Chemistry, IIT-TPTY, suggested to showcase the contributions of alumni in the presentation for the information of members in GB.**

As the college is of more than 25 years of age, it has a good pool of alumnus which is always ready to help the college for its betterment. It is resolved to showcase all such contributions in the next Governing Body meeting.
